Apologies were received from Cllr D. Britcher, Cllr S. Holland and Cllr S. Smith.

2. Declarations of Interest and Dispensations

None declared.

3. To Agree Minutes as a True and Accurate Record of the Full Council Meeting held on 6th January 2025

The Minutes of the Full Council meeting held on 6th January 2025 had been previously circulated. It was **RESOLVED TO ACCEPT** these Minutes as a true and accurate record of the meeting after a proposal from Cllr Britton and a second from Cllr Douglass.

4. Public Participation

a) To Receive Presentation from Bidwells on Hospital Development Pre-Application

The stage of the planning process reached for the hospital development is that the applicant is now engaging with wider stakeholders looking for initial feedback. They are seeking outline planning permission and then a 3rd party developer will take over the site to discharge the conditions.

The upper plateau is nearly vacant and it is costly to maintain, but the lower plateau will be continued to be used by the NHS. The capital generated from the development will be reinvested into the NHS.

300 houses were identified for the site under the GNLP, but the current proposals suggest a development of 275. Nutrient neutrality has been a challenge for the project.

The intention is to retain as many of the Victorian buildings as practically possible. This would include the main part of the Victorian asylum, the Peddars Centre and the boiler house with water tower (the latter to be assigned to community use). New buildings and open spaces would

Approved.....

Date.....

be constructed to complement a Victorian style, with materials replicating a this style. This could be written into a design code to protect the design from change from a subsequent developer. Keeping to the footprint of existing buildings will mean fewer existing trees needing to be removed.

There is proposed to be less car parking spaces to take into account the good transport links that Hellesdon has. This will mean narrower roads and a lesser requirement to fell existing trees. There would be several units of flats as part of the development to keep the density higher and therefore retain more green space. The density being proposed is 30 units per hectare on the field site and 35 units per hectare on the hospital site.

A new vehicular access would be installed to the north west of the existing entrance, and the existing entrance would be turned into a pedestrian access.

It is anticipated that the outline planning permission will be submitted in 6-8 weeks.

Concerns were raised over the highway access. It was advised that surveys were to be conducted to prove that the vehicular access was acceptable or whether improvements needed to be made. It was argued that there would be little difference in vehicle numbers generated on the site, from when the site was at its most operational. There was no mention of the proposed roundabout on Hospital Lane which was due to be installed by Persimmon, which would allow access to the hospital development site.

There was a query about levels of affordable housing. It was advised that the intention was to comply with the policy requirements of the GNLP.

There was a query about the parking ratios. It was advised that the Local planning authority had supported 1.5 spaces per unit, as an average.

There was a query about open space provision and play areas. It was advised that the intention was to comply with policy and a LEAP would be provided within the scheme.

There was a query about the use of the water tower. It was advised that this could be allocated for community use, or for commercial use such as a shop. The third party developer would determine the final use.

Concerns were raised about the development being looked at in isolation, and not with the housing that Persimmon is proposing adjacent to the site.

Concerns were raised that there was only one road in and out of the site.

This feedback will be taken away and considered when the outline planning application is submitted.

There was no further public participation.

The Meeting was Adjourned for Five Minutes

Furthermore, an agenda item for the February meeting should be to look at the money the council holds and see if this could be invested elsewhere for increased return.

g) To Approve the Budget and Associated Precept for 2025/2026

Cllr Gurney advised that that budgetary items put forward by committees had been scrutinised by PP&R. The Parish Council has been adversely impacted by the changes in National Insurance legislation, and the Parish Council will look to do things differently to make the council more efficient.

Cllr Gurney proposed a budget of £779,238.99, resulting in a precept request of £634,036.67. This would create a Band D council tax request of £159.51, a 4.99% increase on 2024/2025. This was seconded by Cllr Douglass and **CARRIED**.

In regards to all items under item 8c, the productive nature of the presentation from Bidwells was considered and it was **AGREED** after a proposal from Cllr M. Maidstone and a second from Cllr Douglass that Cornerstone Developments should be invited to the next Parish Council meeting to give a similar presentation to allow for constructive feedback.

9. Policy, Property and Resources Committee

a) To Note the Decisions made by the PP&R Committee on 12th December 2024

The minutes and decisions arising from PP&R Committee meeting held on 12th December 2024 had been circulated.

Cllr Gurney reported that the meeting was productive and thanked everyone for their attendance. It was **AGREED** to note the minutes and the decisions made.

10. Floodlights

a) To Receive Report on Failure to Floodlight in Car Park and Consider Options for Replacement

It was reported that the floodlight in the car park is failing and is repeatedly leaving the car park in darkness. Advice has been sought on the replacement of this light and also replacement of the floodlights on the tennis courts, as part of the budgeting process. All the floodlights are of the same age and are all outdated halogen technology. It is likely that as the first one fails, others will fail.

Options and prices have yet to be collated therefore it was **AGREED** to defer this item until the next meeting.

12. To consider a resolution under the Public Bodies (Admission to Meetings) Act 1960 to exclude the press and public for the duration of items 13 and 14 in view of the confidential nature of the business to be transacted

This was **AGREED**.

The Meeting was Closed to the Press and Public

Meeting of Hellesdon Parish Council – 11th February 2025

Item 5b – District and County Councillor Reports

District Council Reports

Hellesdon North West – Cllr Shelagh Gurney

I have attended a meeting recently with the three other Hellesdon District Councillors to discuss the proposed Persimmon Housing applications with lead Planning Officers.

I have had several residents complain to me about their waste bins being missed from collection rounds in Gowing Road and Cottinghams Drive. These complaints have been rectified the next day.

Residents have complained about rubbish deposits at the parade of shops near the Doctors. I have visited the shop, that appears to generate this rubbish and asked them to consider the installation of an external rubbish bin to reduce the problem.

I have visited three different residents to assist them with form filling for pension credit and associated benefits. One resident has a housing issue that I have been able to address fairly quickly.

Norfolk County Council – Cllr Shelagh Gurney

I have been working with Hellesdon High School to fund a footway from the new Persimmon site, a gateway and walk onto the school grounds and I am pleased to say that I have secured approx £13000 funding for new fencing for the footway around the school field, so the project can now go ahead. This will offer a safe route to school away from the main road.

I have been invited to a number of local functions as the County Councillor and am looking forward to these events. There are some events planned in the Library and I will be playing my accordion as part of a reminiscence/ sing a long music session for the Dementia Group at the end of March.

I am assisting the Norfolk County Music Department with a number of projects including music workshops for new accordionists at the CNS School. I am also assisting the Director of Music with the Health and Wellbeing Choir at County Hall, where over seventy members of staff are now planning to meet weekly to sing in four-part harmony.

It is budget time at County Hall and this is a difficult time with some services being over stretched and overspent. The demand for adult services in Hellesdon has risen due to winter pressures.

A number of highways matters are progressing in Hellesdon with some road remarking planned as soon as the weather permits.

A household paints and chemical amnesty is planned for the recycling centre at the Norwich North Centre but you must pre-book an appointment slot before you take your waste to the site. Date to be announced.

The Yellow pedal way amendments have proved very controversial with the cycling fraternity. The pathway is still planned for installation in the summer on the Hellesdon side of the Holt Road. This will cost £1.9 million and is funded by central government.

Meeting of Hellesdon Parish Council – 11th February 2025

Item 8 - To Receive Feedback on Meeting with the Director of Place at South Norfolk and Broadland Councils about the Persimmon applications.

A meeting was held on 23rd January between representative of Hellesdon Parish Council, the District Councillors and Broadland planning officers to discuss the Persimmon planning applications. Below is a summary of the meeting:

- The financial viability report submitted by Persimmon would be scrutinised for accuracy as part of the planning process.
- If it is agreed that the development is not financially viable, there needs to be some difficult decisions as to what community benefit will have to 'give'. The Parish Council is an important consultee in this process. It is **IMPERATIVE** that the Parish Council engages constructively in the planning process and does not stay silent. It needs to have a clear understanding of its needs, prioritise these needs, and is able to communicate this in a constructive manner.
- With regard to affordable housing, there is a possibility that funding could be applied for from Homes England to supply some of the affordable housing that the developer is considering not building, however, this can only be done after planning permission is granted.
- The result of the recent NPPF consultation means that there will need to be additional houses built under the GNLP. This figure is likely to be an extra 700 homes per year, meaning that effectively the area will not have a 5 year housing land supply. This puts the LPA in a weakened position.

The action points agreed from this meeting were:

- Broadland Council will send the Parish Council a list of questions to be asked at a meeting to help the Parish Council identify its priorities.
- After the Parish Council has identified its priorities, Persimmon should be invited to Full Council meeting to discuss.
- Broadland Council will follow up on the query about whether the details of a second sensitivity test is missing from the Financial Viability Assessment.

To date the required information has not been received from Broadland Council.

SPECIAL RESOLUTION: That the Norfolk Association of Local Councils converts from a co-operative society to a company limited by guarantee.

AND

That the services of legal expert Roger Taylor will be employed to carry out the conversion, ensuring all assets are transferred to the new company limited by guarantee.

Two months notice of this special resolution was given at the Norfolk ALC AGM on 4 December 2024. A discussion paper was provided before the AGM which pointed out some of the advantages or disadvantages of each type of structure. An updated summary is attached. In brief it cites reasons such as:

- The co-operative structure is cumbersome and does not support effective management practice of the current Norfolk ALC.
- The requirement to extend democratic activity through area meetings and neighbourhood projects at district level never achieved enthusiastic support.
- The current structure is therefore inefficient and lacks resources to provide a modern and professional service
- The company limited by guarantee still protects our not-for-profit status as no dividends are paid to shareholders; instead any surpluses are invested in the provision of services for members.
- The company limited by guarantee protects members and directors from financial burden due to its limited liability – any debt would fall on the company but not on the directors threatening their own homes or savings, for example
- The company limited by guarantee management structure will continue to reflect its membership through elections from member councils to a board of directors willing to attend meetings and represent views from its member councils.

At the AGM, we were asked to provide a statement from Roger Taylor that this is the correct step for the Norfolk ALC. He writes in an email dated 23 September 2024:

“The current registration of the Association as a Co-operative Society is in our view the incorrect structure for the Association. Whilst the Association may superficially appear to meet the relevant criteria in fact looking at the services that it performs it is outside the criteria for a Co-operative Society. If queries were raised it is possible for the to cancel the registration.

No other County Association is registered as a Co-operative Society . Those that are incorporated are a straightforward Company limited by Guarantee.

In my view the Association has no alternative but to cease to operate as a Co-operative. There will be administration involved in this which cannot be avoided If the present structure is dismantled the Association can either form a new Company limited by Guarantee outside the Co-operative Acts or proceed as an unincorporated organisation.

Yours sincerely

Roger Taylor

Norfolk Association of Local Councils (NALC) – Legal Structure Update

1. Background

In September 2020, NALC was registered as a co-operative society under the Financial Conduct Authority. This structure was adopted to encourage member participation. However, following legal consultation and expert advice, it has been determined that a co-operative structure is unsuitable for NALC's purpose. This was discussed at the 2023 AGM, where members requested more information before making a decision.

2. Issues with the Current Co-operative Structure

While the co-operative structure offers some advantages, such as limited liability and legal stability, significant drawbacks exist:

- Efficiency: Insufficient revenue to support professional staff.
- Participation: Most members do not actively engage in decision-making.
- Conflicts: Diverse member expectations can lead to disputes.
- Privacy Concerns: Members' data can be requested under the Co-operative and Community Benefit Societies Act 2014.
- Restrictive Rules: Requirements for member participation, education, and training are impractical and outdated.

Additionally, no other County Association is registered as a co-operative, making this structure an anomaly.

3. Proposed Alternative: Company Limited by Guarantee

The Board recommends converting to a Company Limited by Guarantee, which is a not-for-profit legal structure offering:

- Limited liability for members and directors (typically £1).
- Defined responsibilities and powers for directors through Articles of Association.
- Modernised governing rules aligned with the Association's aims.

This change will not alter the Board's responsibilities or the transfer of assets. It provides an opportunity to streamline operations and ensure alignment with NALC's purpose.

4. Next Steps

A Special Resolution to convert to a Company Limited by Guarantee was presented at the 2024 AGM on 4th December for discussion.

A postal vote will take place during February 2025 following the required two-month notice period.

For further details or to review the current registration document, please contact the Board.

This decision aims to better align NALC's legal structure with its mission and ensure long-term efficiency and sustainability.
